

## Maggie's Accessories, by WA

Born with an intrinsic need to venture into remote locations with no cell service, Jack Wootton gained a quick appreciation for good equipment. Random bits & bobs, robust vehicle accessories, high quality camping materials and a resourceful partner now mean he can practically choose any compass heading and he will avoid starvation, and not be deemed MIA in the bush. Instead, he enjoys uber adventurous yet comfortable camping trips and is able to pull through the treacherous terrain in style.

The WA team and friends of WA have tried and tested different products over the years to make commutes, safaris, and work easier and more enjoyable.

Maggie's Accessories is a collection of high-quality products that have proven their worth.  
We present different lines of accessories, from water bottles, coolers, to bull-bars, roof top tents and coffee holders!

WA is proud to work alongside the best. Not only is WA the official distributor for INEOS Automotive, we are now also the official distributor for Melvill & Moon, and Big Country 4x4 in Kenya.
